SUMMARY

Creative and detail-oriented Associate UI/UX Designer with over 2 years of experience designing responsive websites, mobile apps, and user-centric interfaces. Skilled in Figma, Adobe XD, and prototyping, with strong knowledge of usability, accessibility, and design systems. Adept at conducting user research, defining information architecture, and collaborating with cross-functional teams to deliver high-quality, intuitive, and scalable digital products on time.

SKILLS

- UI/UX Design & Interaction Design
- Wireframing, Prototyping & Mockups
- Proficiency in Figma & Adobe XD
- User Research & Usability Testing
- High-Quality Visual Design
- Design Systems & Accessibility Principles
- Cross-functional Collaboration & Communication
- HTML, CSS & Responsive Design

EXPERIENCE

Associate UI/UX Designer – eSupport technologies (Pvt) Ltd   **Mar 2025 – Present**
- Led a UI/UX design team and collaborated with cross-functional teams to deliver over 10 responsive web and mobile solutions, improving user satisfaction and project delivery speed by 30%.
- Designed and prototyped intuitive web and mobile interfaces using Figma, enhancing design consistency and reducing developer revision time by 25%.
- Gathered and translated client requirements into wireframes, mockups, and high-fidelity prototypes, ensuring design solutions met both business goals and user expectations with a 95% client approval rate.

Intern UI/UX Designer – VVH Solutions (Pvt) Ltd   **Aug 2024 – Mar 2025**
- Assisted in designing wireframes, mockups, and interactive prototypes using Figma and Adobe XD, while supporting user research through survey preparation and usability testing, improving prototype validation efficiency by 25%.
- Collaborated with the design team to develop responsive UI for web and mobile applications, contributing to over 6 successful projects and enhancing design efficiency through active participation in design sprints and brainstorming sessions.

DESIGN PROJECTS

Tourism & Hotel Website | View Design
- Designed a complete tourism and hospitality platform featuring hotel, apartment, and tour package listings with single property view pages and profile management, ensuring a seamless end-to-end booking experience.
- Created interactive wireframes and prototypes in Figma, conducting usability tests with 20+ users that improved navigation flow and increase user satisfaction by 40%.

E-Commerce Website & Mobile App | View Design
- Crafted a full-featured e-commerce website with landing, category, shopping cart, wishlist, checkout, and profile pages, ensuring a seamless and user-friendly shopping experience.
- Built interactive prototypes in Figma to connect all user flows and enhancing overall user experience by 30%.

Matrimonial Website , Mobile App & Admin Dashboard | <u>View Design</u>

- Developed a matrimonial website and mobile app with user profiles, smart search and filtering, messaging, and profile management features, increasing user engagement and successful matches by 40%.
- Built an intuitive admin dashboard with modules for user verification, messaging, and success story management, improving operational efficiency and platform usability by 35%.

E-Commerce Fashion Website | <u>View Design</u>

- Created a visually appealing fashion e-commerce website highlighting collections, product categories, and trending items to enhance brand presentation and customer interest.
- Implemented interactive prototypes to refine navigation and checkout processes, resulting in a 30% increase in user retention and smoother purchasing flow.

Gaming Website , Booking & Pos System | <u>View Design</u>

- Developed a gaming website showcasing game information, upcoming events, and booking options, providing users with an interactive and seamless browsing experience.
- Built a Booking & POS System for managing gaming stations, reservations, and snack/beverage sales, streamlining operations and boosting overall user satisfaction by 40%.

Employee & Project Management System | <u>View Design</u>

- Crafted an Employee & Project Management System with modules for attendance tracking, task allocation, payroll, project assignment, expense management, quotations, and reporting, ensuring a user experience.
- Created intuitive navigation flows and interactive prototypes that streamlined data viewing, report generation, and printing processes, improving overall usability and efficiency by 30%.

Hiring & Delivery Mobile App | <u>View Design</u>

- Designed a multi-service mobile app inspired by ride-hailing platforms, featuring ride booking, food delivery, and parcel services with real-time GPS tracking and secure payment integration.
- Implemented interactive prototypes with clear user flows and intuitive navigation, enhancing overall usability and improving user experience by 40%.

EDUCATION

Bsc.Hons in Information Systems (special) Degree - Graduated   **May 2020 - Jul 2025**
Rajarata University of Sri Lanka

Diploma in Information Technology - Completed   **Feb 2020 - Oct 2020**
ESOFT Metro Campus

AAT Level 1 - Completed   **Jan 2017 - Sep 2017**
AAT Sri Lanka

O/l, A/L Academics   **May 2011 - Aug 2019**
Gankanda Central College
